With reference to Sergeant Wright's qualifications, the following information is furnished. He is thirty-one years old, born in the Canal Zone, and his father is Colonel Daniel E. Wright, now on duty in Cairo, Egypt. He is unmarried.

He has been under my supervision at two different stations for nearly two years as Chief Clerk, Office Coordinator, evaluator, and reporter analyst. His MOS number is 631, Intelligence Spec-1st. He is qualified for overseas duty and also OCS.

Chief, Intelligence Div.

THEODORE J. HATT,

Best regards,

Sergeant Wright's full name and serial number are: S/Sgt  
Dante L E. Wright, Jr; SSN 631; ASN 33211914.

I have in mind the Office of Strategic Services or the M.I. School at Camp Ritchie, either of which might have something that could use his ability to type. I will appreciate anything you can do in this connection, for I feel that the time is drawing short and has days are numbered. I would not care to have him sent to an overseas assignment, for I feel that he has made such efforts to qualify himself for it.

I have in mind the Office of Strategic Services or the M.I. It is a man of this type, in an assignment where his abilities could be put to good use. He has had many chances in the past, perhaps a year or so ago, to have entered Officers' Candidates School, but he chose to stay in intelligence work in order to obtain experience and background for future use. It is now appearing that overreaches assignments is rapidly classing in on him; and since Officer Candidates are at a minimum, I am desirous of getting him in the type of work he is qualified to do. He is definitely put officer material and I feel that I owe him any efforts I can put forth to this end in view of the fact that he chooses to work with intelligence work when he has made such efforts to qualify himself for it. I have in mind the Office of Strategic Services or the M.I. It is my opinion that there is a definite place in the European set-up for a man of this type, in an assignment where his abilities could be put to good use. He has had many chances in the past, perhaps a year or so ago, to have entered Officers' Candidates School, but he chose to stay in intelligence work in order to obtain experience and background for future use. Respectfully,

The travel directed is necessary in the public interest.

It is understood that all expenses in connection with this travel will be paid by the United Nations Relief and Rehabilitation Administration.

In carrying out the provisions of this order, you will be entitled to your actual and necessary transportation expenses together with \$6.00 per diem in item of subsistence for that part of the travel which lies outside the United States; and for that part of the travel which lies inside the United States; and for travel within cities (except while on board ship), when the usual fees only will be allowed.)

It is understood that all expenses in connection with this travel will be paid by the United Nations Relief and Rehabilitation Administration.

Upon completion of the duty enjoined, you will return to your proper station.

Effective August 1, 1944, you are directed to proceed during the fiscal year 1945 to such points within the continental limits of the United States and to such points outside the continental limits of the United States as may be directed by competent authority of United Nations Relief and Rehabilitation Administration, for temporary duty in connection with the United Nations Relief and Rehabilitation Administration.

Again let me express my thanks and appreciation  
of the honor you have conferred on me.

It has been and is my sincere desire to  
demonstrate by facts and figures, that no better  
investment could be made by the country as a whole,  
than to pay adequate salaries to engineers to enable  
them to do their duty to the public.  
Health officers, that will make it possible to  
perform their duties by giving them a self-respecting  
status and themselves in a self-respecting  
strain of wondering how they can support their  
families and anxiety to do their work, without the mental  
manner.

You may feel confident that in the event you have a  
change friend and one that will never lose an  
opportunity to use every means possible to further  
your interests, by endeavoring to impress on the  
government of your country the importance of the  
work in which you are engaged.

Please permit me to express to you my sincere  
appreciation of the honor you have conferred on me,  
by making me an honorary member of your Association.

KINDOM OF GREECE  
SOUTHERN HELLAS COUNCIL

- Translation -

Athens, Nov. 28, 1946.

President  
Prof. G. Ioakimoglou

Yours sincerely,

Accordinging to a unanimous decision  
of our Council, I request you to accept the  
most sincere thanks of the Southern Hellas  
Council for your great contribution to the  
improvement of public Health in Greece.

The excellent results obtained  
would have been possible without your  
systematic and indefatigable work. You have  
really been the heart of this campaign.

We were really very sorry that,  
due to indisposition, it was not possible  
for you to attend the meeting of the Superior  
Health Council of this day, at which we  
discussed the report made by Prof. Dr. Littreade  
on the malaria control work during 1946.

Dear Mr. Wright:
