The Association also provides the opportunity for professional and personal development, fellowship, individual expression, and mutual understanding among all college employees.

The College of Liberal Arts and Human Sciences Staff Association works to serve the university and local communities. The project committee chooses worthy community projects for association participation. These projects vary from year to year, but during 2006-07, the Staff Association contributed to a coat drive; food drive; Shoe Boxes for Soldiers drive; raised money for both the families of fallen police officers and two young boys with cancer. Another annual project is managed by the scholarship committee. This committee spearheads fundraising efforts to raise money for a yearly scholarship to be given to a VT student with preference given to students with a CLAHS major.
