**NOMINATED FOR:** Governor's Award for Career Achievement

**NOMINATED BY:** Scott Reed, Sr. Associate Director for Operations

**VIRGINIA TECH HIRE DATE:** January, 31, 2005

### **SUMMARY**

Billy stands out in the area of Career Achievement through his tenure of success and accomplishments to improve efficiently and effectiveness for one of Virginia Tech's largest departments.

He has worked for UUSA for more than five years and has grown in value every year in terms of his support and advancement of the department. In his current role overseeing the information technology area, which supports four departments, and more than 200 machines, he has proven to be a huge asset to the organization through his initiative and dedication.

In the past two years, UUSA has purchased three major software programs to support facility management, event management, and facility traffic counts. Billy has been exemplary in using his expertise and evolving knowledge to serve as a liaison and often project manager to see the project through to fruition. Each of the software programs will be tremendous benefits to support the efficiency and effectiveness of UUSA, which is one of the largest student union operations in the country. Billy can hang his hat on achieving success through these software programs as he has infused his expertise in bringing these programs to reality.
